

VILLAGE OF WITTENBERG YARD WASTE DUMPSTER

Village of Wittenberg residents will continue to have a dumpster available for the disposal of yard waste, such as: grass clippings, leaves, twigs, and **small branches with a diameter of less than 6"**.

The container is located in a fenced in area at 1000 E. Mohawk Street, next to the Sewer and Water plant. The fence will only be open for dumping on Wednesday and Saturday from 8:00 am - 3:00 pm and will be monitored! The gate will be locked at all other times. This dumpster is strictly meant for residents of the **Village of Wittenberg**. No commercial dumping please. Also please be sure that all yard waste is put into the dumpster and not left on the ground around it.

Once again we ask that residents please be **diligent in their dumping**. Please cut branches and twigs down to a reasonable size before placing in the dumpster.....no large branches or tree limbs please as they fill up the container too quickly. **No plastic bags**, food waste or garbage of any kind are to be placed in the dumpster. The Village will be charged a fine, by the hauler, for any trash/garbage that needs to be hauled away.

This container should be available by the second week of April (depending on the weather/ground conditions) and will remain open through Fall clean-up.

This is a service being provided to Village residents, for their convenience, so we appreciate everyone's cooperation with following the above guidelines, so that this service can continue to be available.
